

Dosing Systems

Reef Easi-Stir

Magnetic stirrer for use with our Easi-Dose Plus dosing systems.

- The Easi-Stir offers simple automated stirring of your chosen liquid supplement or feed, making manual stirring or shaking a thing of the past!
- It can be used and connected to an EASI-Dose Plus and will automatically be activated 15 seconds before each programmed dose time and then switch off before dosing commences.
- Designed to be used with 1.5L and 4.5L Reef EASI-Dose Dosing Containers, but is compatible with other, similar sized dosing containers.
- Supplied complete with a PSU for independent operation, and a connection cable for simple and easy connection to your dosing system.
- Uses a brushless DC motor and powerful neodymium magnets for quiet operation, durability and minimal heat transfer.
- Safe, Low Voltage - 12v DC.
- Energy efficient and low wattage [5w].

Reef Easi-Stir

Code	Product	Details	Dimensions (mm)
1073	Reef Easi-Stir (No PSU)	Rotation speed approx 3000 rpm	105 x 105 x 55
1074	Reef Easi-Stir (Inc PSU)	Rotation speed approx 3000 rpm	105 x 105 x 55
